PROXY STATEMENT
FOR THE 2018 ANNUAL MEETING OF STOCKHOLDERS
April 11, 2018

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

Who is Vaxart?

On February 13, 2018, privately-held Vaxart, Inc. completed a business combination with publicly-traded Aviragen Therapeutics, Inc., or Aviragen, in accordance with the terms of the Agreement and Plan of Merger and Reorganization, dated October 27, 2017, or the Merger. Following the closing of the Merger, Aviragen changed its name to "Vaxart, Inc." The fiscal year end of Aviragen was June 30, 2017. Therefore this proxy statement, presents certain information regarding Aviragen, its executive officers and members of its board of directors during fiscal 2017. Upon the closing of the Merger, the executive officers of Aviragen resigned, and the executive officers of privately-held Vaxart were appointed the executive officers of the combined company. In addition, certain members of the Aviragen board of directors resigned, and certain members of the board of directors of privately-held Vaxart were appointed to the board of directors of the combined company. Where appropriate, we also present information regarding the combined company. The fiscal year end of the combined company is December 31. Immediately following the closing of the Merger, we effected a 1-for-11 reverse stock split of our outstanding shares of common stock and the information in this proxy statement reflects this reverse stock split.

Why did I receive a notice regarding the availability of proxy materials on the Internet?

Pursuant to rules adopted by the Securities and Exchange Commission, or the SEC, we have elected to provide access to our proxy materials over the Internet. Accordingly, we have sent you a Notice of Internet Availability of Proxy Materials, or the Notice, because the Board of Directors of Vaxart, Inc. is soliciting your proxy to vote at the 2018 Annual Meeting of Stockholders, or the Annual Meeting, including at any adjournments or postponements of the meeting. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the internet or to request a printed copy may be found in the Notice.

We intend to mail the Notice on or about February 28, 2018 to all stockholders of record entitled to vote at the Annual Meeting.

Will I receive any other proxy materials by mail?

No, you will not receive any other proxy materials by mail unless you request a paper copy of proxy materials. To request that a full set of the proxy materials be sent to your specified postal address, please go to www.voteproxy.com or call (888) 776-9962. Please have your proxy card in hand when you access the website or call and follow the instructions provided.

How do I attend the Annual Meeting?

The meeting will be held on Wednesday, April 11, 2018 at 11:00 a.m. local time at the offices of Vaxart located at 395 Oyster Point Blvd., Suite 405, South San Francisco, California 94080. Directions to the Annual Meeting may be found on the Investors section of our website at www.vaxart.com. Information on how to vote in person at the Annual Meeting is discussed below.

[Table of Contents](#)

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on February 14, 2018 will be entitled to vote at the Annual Meeting. On this record date, there were 7,139,176 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on February 14, 2018 your shares were registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on February 14, 2018 your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in “street name” and the Notice is being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are three matters scheduled for a vote:

- Proposal No. 1 – To elect seven directors to hold office until the next annual meeting of stockholders and until their successors are duly elected and qualified.
- Proposal No. 2 – To ratify the selection by our Audit Committee of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2018.
- Proposal No. 3 – To approve, on an advisory basis, the compensation of the former Aviragen named executive officers, as disclosed in this proxy statement.

What if another matter is properly brought before the meeting?

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

How do I vote?

You may either vote “For” the nominees to the Board of Directors or you may “Withhold” your vote for any nominee you specify. For all other proposals you may vote “For” or “Against” or abstain from voting.

The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting, vote by proxy or vote by proxy through the internet or vote by proxy using a proxy card that you may request or that we may elect to deliver at a

Table of Contents

later time. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy.

- To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.
- To vote using the proxy card, simply complete, sign and date the proxy card that may be delivered and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.
- To vote over the telephone, dial toll-free (888) 776-9437 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the Notice. Your telephone vote must be received by 11:59 p.m., Eastern Time on April 10, 2018 to be counted.
- To vote through the internet, go to <http://www.voteproxy.com> to complete an electronic proxy card. You will be asked to provide the company number and control number from the Notice. Your internet vote must be received by 11:59 p.m., Eastern Time on April 10, 2018 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a Notice containing voting instructions from that organization rather than from Vaxart. Simply follow the voting instructions in the Notice to ensure that your vote is counted. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

Internet proxy voting may be provided to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your internet access, such as usage charges from internet access providers and telephone companies.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of February 14, 2018.

What happens if I do not vote?

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record and do not vote by completing your proxy card, through the internet or in person at the Annual Meeting, your shares will not be voted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner and do not instruct your broker, bank, or other agent how to vote your shares, the question of whether your broker or nominee will still be able to vote your shares depends on whether the New York Stock Exchange, or NYSE, deems the particular proposal to be a “routine” matter. Brokers and nominees can use their discretion to vote “uninstructed” shares with respect to matters that are considered to be “routine,” but not with respect to “non-routine” matters. Under the rules and interpretations of the NYSE, “non-routine” matters are matters that may substantially affect the rights or privileges of stockholders, such as mergers, stockholder proposals, elections of directors (even if not contested), executive compensation (including any advisory stockholder votes on executive compensation and on the frequency of stockholder votes on executive compensation), and certain corporate governance proposals, even if management-supported. Accordingly, your broker or nominee may not vote your shares on Proposal No. 1 or Proposal No. 3 without your instructions, but may vote your shares on Proposal No. 2 even in the absence of your instruction.

[Table of Contents](#)

What if I return a proxy card or otherwise vote but do not make specific choices?

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted, as applicable:

- “For” the election of the seven nominees for director;
- “For” the ratification of the selection of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2018; and
- “For” the advisory approval of executive compensation.

If any other matter is properly presented at the meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these proxy materials, our directors and employees may also solicit proxies in person, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one Notice?

If you receive more than one Notice, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on the Notices to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Stockholder of Record: Shares Registered in Your Name

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

- You may submit another properly completed proxy card with a later date.
- You may grant a subsequent proxy by telephone or through the internet.
- You may send a timely written notice that you are revoking your proxy to our Secretary at 290 Utah Ave., Suite 200, South San Francisco, California 94080.
- You may attend the Annual Meeting and vote in person. Simply attending the Annual Meeting will not, by itself, revoke your proxy.

Your most current proxy card or internet proxy is the one that is counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

When are stockholder proposals and director nominations due for the 2019 annual meeting?

To be considered for inclusion in next year’s proxy materials, your proposal (including a director nomination) must be timely submitted in writing to our Secretary at Vaxart, Inc. 290 Utah Ave., Suite 200, South San Francisco, California 94080. To be timely, your proposal must be delivered to the Secretary, at the address

[Table of Contents](#)

above, not less than 90 days prior to the date of the annual meeting of stockholders. However, in the event that less than 100 days' notice or prior public announcement of the date of the meeting is given or made to stockholders, then a proposal shall be received no later than the close of business on the tenth day following the date on which notice of the date of the meeting was mailed or a public announcement was made, *provided, however*, that if our 2019 annual meeting of stockholders is not held within 30 calendar days of the one year anniversary of this Annual Meeting, then you must deliver the proposal a reasonable amount of time prior to the date we begin to print and mail our proxy statement for the 2019 annual meeting of stockholders. You are also advised to review our Bylaws, which contain a description of the information required to be submitted as well as additional requirements about advance notice of stockholder proposals and director nominations.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count, (a) for the proposal to elect directors, votes "For," "Withhold" and broker non-votes, and (b) with respect to other proposals, votes "For" and "Against," abstentions and, if applicable, broker non-votes.

Abstentions will be counted towards the vote total for Proposal Nos. 2 and 3, and will have the same effect as "Against" votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

What are "broker non-votes"?

As discussed above, when a beneficial owner of shares held in "street name" does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed by the NYSE to be "non-routine," the broker or nominee cannot vote the shares. These unvoted shares are counted as "broker non-votes."

How many votes are needed to approve each proposal?

- Proposal No. 1 – For the election of directors, the nominees receiving the most "For" votes from the holders of shares present in person or represented by proxy and entitled to vote on the election of directors will be elected.
- Proposal No. 2 – To ratify the selection of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2018, the proposal must receive "For" votes from the holders of a majority of shares present in person or represented by proxy and entitled to vote on the matter. If you "Abstain" from voting, it will have the same effect as an "Against" vote. Broker non-votes will have no effect.
- Proposal No. 3 – To approve, on an advisory basis, the compensation of the former Aviragen named executive officers, as disclosed in this proxy statement, the proposal must receive "For" votes from the holders of a majority of shares present in person or represented by proxy and entitled to vote on the matter. If you "Abstain" from voting, it will have the same effect as an "Against" vote. Broker non-votes will have no effect.

What is the quorum requirement?

A quorum of stockholders is generally required to hold a valid meeting of stockholders. A quorum is present if stockholders holding at least a majority of the outstanding shares entitled to vote are present at a meeting in person or represented by proxy. However, we are subject to an order by the Court of Chancery of the State of Delaware which provides that the shares of stock represented at this Annual Meeting either in person or proxy, and entitled to vote, will constitute a quorum for the Annual Meeting even though less than a majority of the outstanding shares.

[Table of Contents](#)

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

PROPOSAL NO. 1
ELECTION OF DIRECTORS

What am I voting on? Electing the seven director nominees identified below to hold office until the 2019 annual meeting of stockholders and until his or her successor is elected or appointed.

Vote recommendation: “FOR” the election of each of the seven director nominees.

Vote required: Directors are elected if they receive more “FOR” votes than “WITHHOLD” votes.

Since the closing of the Merger, our board of directors has been comprised of seven members. Upon the closing of the Merger, Wouter W. Latour, M.D., Michael J. Finney, Ph.D., Jan Leschly and Richard J. Markham were appointed to the board of directors. Geoffrey F. Cox, Ph.D., John P. Richard and Anne M. VanLent were previously elected by our stockholders.

All of our directors have one-year terms and stand for election annually. Our nominees include six independent directors, as defined by the rules and regulations of Nasdaq, and one Vaxart executive officer: Dr. Latour, who serves as our President and Chief Executive Officer. The nominees listed below are currently directors of Vaxart. If elected at the Annual Meeting, these nominees would serve until the 2019 annual meeting of stockholders and until a successor has been duly elected and qualified, or, if sooner, until the director’s death, resignation or removal. Our policy is to encourage directors and nominees for director to attend the Annual Meeting.

Vacancies on the board of directors may be filled only by persons elected by a majority of the remaining directors. A director elected by the board of directors to fill a vacancy in a class, including vacancies created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until the director’s successor is duly elected and qualified.

Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy and entitled to vote on the election of directors. Accordingly, the nominee receiving the highest number of affirmative votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the nominee named below. If the nominee becomes unavailable for election as a result of an unexpected occurrence, shares that would have been voted for that nominee will instead will be voted for the election of a substitute nominee proposed by Vaxart. Each person nominated for election has agreed to serve if elected. We have no reason to believe that any nominee will be unable to serve.

INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

FAMILY RELATIONSHIPS

There are no family relationships among the members of the board of directors and executive officers.

INDEPENDENCE OF THE BOARD OF DIRECTORS

As required under the Nasdaq Stock Market, or Nasdaq, listing standards, a majority of the members of a listed company's board of directors must qualify as "independent," as affirmatively determined by the board of directors. The board of directors consults with our counsel to ensure that its determinations are consistent with relevant securities and other laws and regulations regarding the definition of "independent," including those set forth in pertinent listing standards of Nasdaq, as in effect from time to time.

Consistent with these considerations, after review of all relevant identified transactions or relationships between each director, or any of his or her family members, and Vaxart, our senior management and our independent auditors, the board of directors has affirmatively determined that all of our directors, other than Dr. Latour due to his position as our president and chief executive officer, are independent within the meaning of the applicable Nasdaq listing standards. In making this determination, the board of directors found that none of the nominees for director had a material or other disqualifying relationship with Vaxart.

BOARD LEADERSHIP STRUCTURE

We believe that all members of our board of directors should have an equal voice in the affairs and the management of Vaxart. Consistent with this philosophy, while our bylaws and corporate governance policies allow for the appointment of a chairperson of the board, during fiscal 2017 Aviragen did not have one, and instead had a lead independent director. Ms. VanLent has been the lead independent director of the Aviragen board of directors since November 2015. Following the closing the Merger, the board of directors appointed Mr. Markam to the position of chairman of the board of directors and eliminated the role of lead independent director. The independent directors will consider the role and designation of the chairman on an annual basis.

Mr. Markham brings considerable skills and experience, as described above, to the role. While our chief executive officer has primary responsibility for preparing the agendas for board meetings and presiding over the portion of the meetings of the board where he is present, our chairman has significant responsibilities, among other things, to call and preside over Board meetings, including meetings of the independent directors, to set meeting agendas and to determine materials to be distributed to the Board. Accordingly, the chairman has substantial ability to shape the work of the board of directors. We believe that separation of the positions of chairman and chief executive officer reinforces the independence of the board of directors in its oversight of the business and affairs of Vaxart. In addition, we believe that having an independent chairman creates an environment that is more conducive to objective evaluation and oversight of management's performance, increasing management accountability and improving the ability of the board of directors to monitor whether management's actions are in the best interests of Vaxart and our stockholders. As a result, we believe that having an independent chairman can enhance the effectiveness of the board of directors as a whole.

As discussed above, except for our chief executive officer, our board is comprised of independent directors. The active involvement of these independent directors, combined with the qualifications and significant responsibilities of our chairman, provide balance on the board and promote strong, independent oversight of our management and affairs.

ROLE OF THE BOARD IN RISK OVERSIGHT

The board of directors has an active role, as a whole and also at the committee level, in overseeing management of Vaxart's risks. The board of directors regularly reviews information regarding our credit, liquidity and

[Table of Contents](#)

operations, as well as the risks associated with each. The Audit Committee's charter mandates the Audit Committee to review and discuss with management, and our independent registered public accounting firm, as appropriate, our major financial risk exposures and the steps taken by management to monitor and control these exposures. The Compensation Committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements. The Nominating and Corporate Governance Committee manages risks associated with the independence of the board of directors and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire board of directors is regularly informed through committee reports about such risks.

MEETINGS OF THE BOARD OF DIRECTORS

The Aviragen board of directors met seven times during fiscal 2017. Upon the closing of the Merger, Armando Amido, Michael R. Dougherty, Michael W. Dunne, M.D., Joseph M. Patti, M.D. and Russell H. Plumb resigned. Each member of the Aviragen board of directors attended 75% or more of the aggregate number of meetings of the board of directors and of the committees on which he or she served, held during the portion of fiscal 2017 for which he or she was a director or committee member.

As required under applicable Nasdaq listing standards, in fiscal 2017, the Aviragen independent directors met five times in regularly scheduled executive sessions at which only independent directors were present. Ms. VanLent presided over the executive sessions.

Below is a description of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee of the board of directors. Each of the committees has authority to engage legal counsel or other experts or consultants, as it deems appropriate to carry out its responsibilities.

Audit Committee

The board of directors reviews the Nasdaq listing standards definition of independence for Audit Committee members on an annual basis and has determined that all members of the Audit Committee are independent (as independence is currently defined in Rule 5605(c)(2)(A)(i) and (ii) of the Nasdaq listing standards).

The board of directors has also determined that Ms. VanLent qualifies as an “audit committee financial expert,” as defined in applicable SEC rules. The board of directors made a qualitative assessment of Ms. VanLent’s level of knowledge and experience based on a number of factors, including her experience as a chief financial officer for public reporting companies.

The primary purpose of the Audit Committee is to discharge the responsibilities of the board of directors with respect to our accounting, financial and other reporting and internal control practices and to oversee its independent registered accounting firm. Specific responsibilities of the audit committee include:

- selecting a qualified firm to serve as the independent registered public accounting firm to audit the combined company’s financial statements;
- helping to ensure the independence and performance of the independent registered public accounting firm;
- discussing the scope and results of the audit with the independent registered public accounting firm, and reviewing, with management and the independent accountants, the combined company’s interim and year-end operating results;
- developing procedures for employees to anonymously submit concerns about questionable accounting or audit matters;
- reviewing policies on risk assessment and risk management;
- reviewing related party transactions;
- obtaining and reviewing a report by the independent registered public accounting firm at least annually, that describes the combined company’s internal quality control procedures, any material issues with such procedures, and any steps taken to deal with such issues when required by applicable law; and

[Table of Contents](#)

- approving (or, as permitted, pre-approving) all audit and all permissible non-audit services, other than de minimis non-audit services, to be performed by the independent registered public accounting firm.

Report of the Audit Committee of the Board of Directors

The Audit Committee reviewed and discussed the audited financial statements for the fiscal year ended June 30, 2017 with Aviragen's management. The Audit Committee discussed with Aviragen's independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 1301, *Communications with Audit Committees*, as adopted by the Public Company Accounting Oversight Board, or PCAOB. The Audit Committee also received the written disclosures and the letter from Aviragen's independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent accountants' communications with the audit committee concerning independence, and has discussed with the independent registered public accounting firm the accounting firm's independence. Based on the foregoing, the Audit Committee recommended to the Aviragen board of directors that the audited financial statements be included in Aviragen's Annual Report on Form 10-K for the fiscal year ended June 30, 2017.

Ms. Anne M. VanLent (Chairman)
Mr. Michael R. Dougherty¹
Mr. John P. Richard

¹ Mr. Dougherty resigned in February 2018 upon the closing of the Merger.

The material in this report is not "soliciting material," is not deemed "filed" with the Commission and is not to be incorporated by reference in any filing of Vaxart under the Securities Act or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

Compensation Committee

All members of the Compensation Committee are independent (as independence is currently defined in Rule 5605(d)(2) of the Nasdaq listing standards).

The primary purpose of the Compensation Committee is to discharge the responsibilities of the Board of Directors to oversee our compensation policies, plans and programs and to review and determine the compensation to be paid to our executive officers, directors and other senior management, as appropriate. Specific responsibilities of the Compensation Committee include:

- reviewing and approving, or recommending that our board of directors approve, the compensation of our executive officers;
- reviewing and recommending to our board of directors the compensation of our directors;
- reviewing and approving, or recommending that our board of directors approve, the terms of compensatory arrangements with our executive officers;
- administering our stock and equity incentive plans;
- selecting independent compensation consultants and assessing whether there are any conflicts of interest with any of the committees compensation advisers;
- reviewing and approving, or recommending that our board of directors approve, incentive compensation and equity plans, severance agreements, change-of-control protections and any other compensatory arrangements for our executive officers and other senior management, as appropriate; and
- reviewing and establishing general policies relating to compensation and benefits of our employees and reviewing our overall compensation philosophy.

Compensation Committee Processes and Procedures

Typically, the Compensation Committee will meet at least twice annually and with greater frequency if necessary. The agenda for each meeting is usually developed by the Chair of the Compensation Committee, in consultation with the Chief Executive Officer. The Compensation Committee meets regularly in executive session. However, from time to time, various members of management and other employees as well as outside advisors or consultants may be invited by the Compensation Committee to make presentations, to provide financial or other background information or advice or to otherwise participate in Compensation Committee meetings. The Chief Executive Officer may not participate in, or be present during, any deliberations or determinations of the Compensation Committee regarding her compensation. The charter of the Compensation Committee grants the Compensation Committee full access to all books, records, facilities and personnel of the Company. In addition, under the charter, the Compensation Committee has the authority to obtain, at the expense of the Company, advice and assistance from compensation consultants and internal and external legal, accounting or other advisors and other external resources that the Compensation Committee considers necessary or appropriate in the performance of its duties. The Compensation Committee has direct responsibility for the oversight of the work of any consultants or advisers engaged for the purpose of advising the Committee. In particular, the Compensation Committee has the sole authority to retain, in its sole discretion, compensation consultants to assist in its evaluation of executive and director compensation, including the authority to approve the consultant's reasonable fees and other retention terms. Under the charter, the Compensation Committee may select, or receive advice from, a compensation consultant, legal counsel or other adviser to the compensation committee, other than in-house legal counsel and certain other types of advisers, only after taking into consideration six factors, prescribed by the SEC and Nasdaq, that bear upon the adviser's independence; however, there is no requirement that any adviser be independent.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee is currently, or has been at any time, one of our officers or employees. None of our executive officers currently serves, or has served during the last year, as a member of the board of directors or Compensation Committee of any entity that has one or more executive officers serving as a member of our board of directors or Compensation Committee.

Nominating and Corporate Governance Committee

All members of the Nominating and Corporate Governance Committee are independent (as independence is currently defined in Rule 5605(a)(2) of the Nasdaq listing standards). Specific responsibilities of the Nominating and Corporate Governance committee include:

- identifying, evaluating and selecting, or recommending that the board of directors approve, nominees for election to the board of directors;
- evaluating the performance of the board of directors and of individual directors;
- considering and making recommendations to the board of directors regarding the composition of the committees of the board of directors;
- reviewing developments in corporate governance practices;
- evaluating the adequacy of corporate governance practices and reporting;
- reviewing management succession plans;
- developing and making recommendations to the board of directors regarding corporate governance guidelines and matters; and
- overseeing an annual evaluation of the board of directors' performance.

The Nominating and Corporate Governance Committee believes that candidates for director should have certain minimum qualifications, including the ability to read and understand basic financial statements, being over 21

[Table of Contents](#)

years of age and having the highest personal integrity and ethics. The Nominating and Corporate Governance Committee also intends to consider such factors as possessing relevant expertise upon which to be able to offer advice and guidance to management, having sufficient time to devote to the affairs of the company, demonstrated excellence in his or her field, having the ability to exercise sound business judgment and having the commitment to rigorously represent the long-term interests of our stockholders. However, the Nominating and Corporate Governance Committee retains the right to modify these qualifications from time to time. Candidates for director nominees are reviewed in the context of the current composition of the board, the operating requirements of the company and the long-term interests of stockholders. In conducting this assessment, the Nominating and Corporate Governance Committee typically considers diversity, age, skills and such other factors as it deems appropriate, given the current needs of the board and the company, to maintain a balance of knowledge, experience and capability.

In the case of incumbent directors whose terms of office are set to expire, the Nominating and Corporate Governance Committee reviews these directors' overall service to Vaxart during their terms, including the number of meetings attended, level of participation, quality of performance and any other relationships and transactions that might impair the directors' independence. The committee also takes into account the results of the board's self-evaluation, conducted annually on a group and individual basis. In the case of new director candidates, the Nominating and Corporate Governance Committee also determines whether the nominee is independent for Nasdaq purposes, which determination is based upon applicable Nasdaq listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary. The Nominating and Corporate Governance Committee then uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Nominating and Corporate Governance Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the board. The Nominating and Corporate Governance Committee meets to discuss and consider the candidates' qualifications and then selects a nominee for recommendation to the board by majority vote.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders. The Nominating and Corporate Governance Committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether or not the candidate was recommended by a stockholder. Stockholders who wish to recommend individuals for consideration by the Nominating and Corporate Governance Committee to become nominees for election to the board may do so by delivering a written recommendation to the Nominating and Corporate Governance Committee at the following address: 290 Utah Ave., Suite 200, South San Francisco, California 94080. Submissions must include the full name of the proposed nominee, a description of the proposed nominee's business experience for at least the previous five years, complete biographical information, a description of the proposed nominee's qualifications as a director and a representation that the nominating stockholder is a beneficial or record holder of Vaxart's stock and has been a holder for at least one year. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected.

STOCKHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Historically, we have not provided a formal process related to stockholder communications with the board of directors. Nevertheless, every effort has been made to ensure that the views of stockholders are heard by the board of directors or individual directors, as applicable, and that appropriate responses are provided to stockholders in a timely manner.

Communications addressed to the board of directors will be reviewed by one or more Vaxart executive officers, who will determine whether the communication should be presented to the board of directors. The purpose of this screening is to allow the board of directors to avoid having to consider irrelevant or inappropriate communications (such as advertisements, solicitations and hostile communications). All communications

[Table of Contents](#)

directed to the Audit Committee in accordance with our whistleblower policy that relate to questionable accounting or auditing matters involving Vaxart will be promptly and directly forwarded to the Audit Committee.

CODE OF ETHICS

We have adopted a Code of Business Conduct and Ethics that applies to all officers, directors and employees. The Code of Business Conduct and Ethics is available on the Investors section of our website at www.vaxart.com. If we make any substantive amendments to the Code of Business Conduct and Ethics or grants any waiver from a provision of the Code to any executive officer or director, we will promptly disclose the nature of the amendment or waiver on our website.

CORPORATE GOVERNANCE GUIDELINES

The board of directors has documented our governance practices by adopting Corporate Governance Guidelines to assure that the board of directors will have the necessary authority and practices in place to review and evaluate our business operations as needed and to make decisions that are independent of our management. The guidelines are also intended to align the interests of directors and management with those of our stockholders. The Corporate Governance Guidelines set forth the practices the board of directors intends to follow with respect to board composition and selection, board meetings and involvement of senior management, chief executive officer performance evaluation and succession planning, and board committees and compensation. The Corporate Governance Guidelines, as well as the charters for each committee of the board of directors, may be viewed on the Investors section of our website at www.vaxart.com.

PROPOSAL NO. 2**RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

What am I voting on? Ratification of the selection of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2018.

Vote recommendation: “FOR” the ratification of KPMG LLP.

Vote required: A majority of the shares present or represented by proxy.

Effect of abstentions: Same as a vote “AGAINST”.

Effect of broker non-votes: None (because this is a routine proposal, there are no broker non-votes).

The Audit Committee of the board of directors has selected KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2018 and has further directed that management submit the selection of its independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. Our lead audit partner at KPMG LLP serves no more than five consecutive years in that role. Representatives of KPMG LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our Bylaws nor other governing documents or law require stockholder ratification of the selection of KPMG LLP as our independent registered public accounting firm. However, the Audit Committee is submitting the selection of KPMG LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote on the matter at the Annual Meeting will be required to ratify the selection of KPMG LLP.

CURRENT PRINCIPAL ACCOUNTANT FEES AND SERVICES**KPMG LLP**

In February 2018, upon the closing of the Merger, the combined company dismissed Ernst & Young LLP as our independent registered accounting firm and appointed KPMG LLP as our new independent registered accounting firm. KPMG LLP has audited the financial statements of privately-held Vaxart since February 2014. Private Vaxart was determined to be the accounting acquirer based upon the terms of the merger agreement resulting in a change to the combined company’s fiscal year to December 31, effective as of the closing of the Merger. The fees of KPMG LLP presented below are not representative of the fees to be billed by KPMG LLP for Vaxart as a public company, but are presented solely to provide our stockholders with a basis to understand our historical relationship with KPMG LLP.

The following table represents aggregate fees billed to private Vaxart for the years ended December 31, 2015 and December 31, 2016, by KPMG LLP, the independent registered accounting firm for the combined company.

PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee has adopted a policy and procedures for the pre-approval of audit and non-audit services rendered by our independent registered public accounting firm, KPMG LLP. The policy generally pre-approves

specified services in the defined categories of audit services, audit-related services and tax services up to specified amounts. Pre-approval may also be given as part of the Audit Committee's approval of the scope of the engagement of the independent auditor or on an individual, explicit, case-by-case basis before the independent auditor is engaged to provide each service. The pre-approval of services may be delegated to one or more of the Audit Committee's members, but the decision must be reported to the full Audit Committee at its next scheduled meeting.

The Audit Committee has determined that the rendering of services other than audit services by KPMG LLP is compatible with maintaining the principal accountant's independence.

In response to our stockholders’ preference, the board of directors has adopted a policy of providing for annual “say-on-pay” votes. [Table of Contents](#)

plus (iii) the product of two times (2x) the cash incentive compensation paid to Dr. Patti in respect of the most recent fiscal year prior to the year in which such termination occurs; plus (iv) an amount equal to the present value of the premium payments that would be made by Aviragen if Dr. Patti were to continue to be covered under Aviragen's group health, life and disability insurance for 24 months, which amount will be determined by Aviragen in its sole discretion. Dr. Patti resigned with good cause upon the closing of the Merger and will receive an aggregate of approximately \$1,086,922 in cash severance benefits.

Mark P. Colonnese

Mark P. Colonnese ceased to be Executive Vice President and Chief Financial Officer and an employee of Aviragen upon the closing of the Merger. Under the terms of Mr. Colonnese's employment agreement, in the event Mr. Colonnese's employment is terminated by Mr. Colonnese for good reason (as defined in Mr. Colonnese's employment agreement) or by Aviragen for any reason other than cause, death or disability, in either case, within 60 days prior to or one year after the consummation of a change in control, Aviragen will pay Mr. Colonnese, subject to Mr. Colonnese's execution, delivery and nonrevocation of a release, a lump sum equal to the sum of (i) any earned but unpaid cash incentive compensation for the fiscal year immediately preceding the fiscal year in which such termination occurs; plus (ii) Mr. Colonnese's base salary for 18 months; plus (iii) the product of one and a half times (1.5x) the cash incentive compensation paid to Mr. Colonnese in respect of the most recent fiscal year prior to the year in which such termination occurs, plus (iv) an amount equal to the present value of the premium payments that would be made by Aviragen if Mr. Colonnese were to continue to be covered under Aviragen's group health, life and disability insurance for 18 months, which amount will be determined by Aviragen in its sole discretion. Mr. Colonnese resigned with good cause upon the closing of the Merger and will receive an aggregate of approximately \$556,116 in cash severance benefits.

Acceleration of Unvested Equity Awards

All outstanding stock options held by Aviragen's former executive officers and current and former directors were accelerated and fully vested in accordance with their terms upon the closing of the Merger and/or the termination of optionholders' employment in connection therewith. Please see the section above titled "*Outstanding Equity Awards at June 30, 2017*" for information regarding stock options held by Dr. Patti and Mr. Colonnese

As of the closing of the Merger, Aviragen's non-employee directors held 14,891 unvested stock options and 92,756 vested stock options in the aggregate, with a weighted average exercise price of \$34.87.

2017 Annual Incentive Compensation

To align each executive officer's efforts with Aviragen's financial, operations and strategic goals, on an annual basis the Aviragen Compensation Committee and/or board of directors would approve key corporate goals for purposes of establishing an executive's potential short-term cash incentive award, and, in any given year, these goals will be generally related to the achievement of specific research, clinical, regulatory, business development, operational or financial milestones. Each of these corporate goals was assigned a respective weighting relative to all the corporate goals. For fiscal 2017, based upon actual performance, an achievement level of between a threshold of 70% and a maximum of 130% was assigned to each goal by the Aviragen Compensation Committee. If actual performance fell below the 70% threshold, the goal was assigned a 0% achievement level and no incentive compensation would be earned on that particular goal.

For fiscal 2017, Dr. Patti's and Mr. Colonnese's annual performance-based short-term incentive target awards, as a percentage of base salary, were 50% and 40%, respectively. The amount of the annual cash incentive actually earned and payable to each named executive officer depended primarily on the level of achievement, as determined by the Aviragen Compensation Committee, of the overall corporate goals that have been approved by the Aviragen Compensation Committee. For example, if the Aviragen Compensation Committee determined that a 75% achievement level was met with respect to the corporate goals during a given year, Dr. Patti would be

[Table of Contents](#)

eligible for a cash incentive of 37.50% of his base salary (50% target x 75% achievement level). In its discretion, the Aviragen Compensation Committee could award incentive payments to the executives above or below the target amount, particularly in cases where goals are materially exceeded.

Aviragen's fiscal 2017 performance goals defined by the Compensation Committee included various clinical, business development and financial goals. Following the completion of fiscal 2017, the Aviragen Compensation Committee determined that the threshold level of achievement necessary for a payout was not met. Therefore, neither Dr. Patti nor Mr. Colonnese received a bonus for fiscal 2017 performance.

2017 Equity Compensation

In addition to base salary and performance-based cash incentive awards, Aviragen provided long-term equity-based incentive awards to its executive officers. For fiscal 2017, these equity-based incentive awards consisted of a grant of stock options that vest in equal annual installments on each of the first three anniversaries following the grant date. Each of Dr. Patti and Mr. Colonnese received an additional stock option grant on April 3, 2017. One third of these options vested on the six month anniversary of the grant date, and the remaining options were originally due to vest in equal monthly installments from November 3, 2017 through April 3, 2018. Pursuant to their terms, each of these options accelerated in full upon the closing of the Merger and the resignation of such executive officer. Dr. Patti and Mr. Colonnese will have 18 months from the closing of the Merger to exercise these options. Aviragen believed that these stock option awards helped to further its compensation objectives by encouraging its executives to remain with Aviragen at least through the vesting period of these awards and providing them with an incentive to continue to focus on Aviragen's long-term financial performance and increasing stockholder value.

Retirement Benefits

Aviragen did not provide pension arrangements or post-retirement health coverage for its executive officers or employees. Aviragen's executive officers and other eligible employees were eligible to participate in its 401(k) defined contribution plan. Aviragen made matching contributions to participants in the 401(k) plan in an amount equal to 25% of the employee's deferral up to a maximum of 4% of an employee's salary, subject to statutory limits.

Director Compensation

During fiscal 2017, Aviragen's non-employee directors were compensated in the following manner under its director compensation program.

Annual and Meeting Fees. During fiscal 2017, Aviragen's non-employee directors received the following cash compensation for their service on the board of directors and its committees:

Table of Contents

Equity Awards. The Aviragen non-employee director equity compensation policy provided that each non-employee director would receive, upon the initial effective date of such director's appointment, a stock option award to purchase 3,182 post-reverse split shares of Aviragen's common stock under its 2016 Equity Incentive Plan, 33% of which would vest on the first, second and third anniversary of the grant date. In addition each non-employee director would receive an annual award of options to purchase 1,818 post reverse split shares of the Aviragen's common stock under its 2016 Equity Incentive Plan that will vest on the one year anniversary of the grant date.

Non-employee directors receive no other form of remuneration, perquisites or benefits, but are reimbursed for their expenses in attending meetings, including travel, meal and other expenses incurred to attend meetings solely among the non-employee directors.

The exercise price of all stock options granted to directors was equal to the fair market value of Aviragen's common stock on the date of the grant. As of the closing of the Merger, Aviragen's non-employee directors held 14,891 unvested stock options and 92,756 vested stock options in the aggregate, with a weighted average exercise price of \$34.87.

401(k) Plan

We maintain a tax-qualified retirement plan that provides eligible employees with an opportunity to save for retirement on a tax advantaged basis. Eligible employees are able to defer eligible compensation up to certain Code limits, which are updated annually. We have the ability to make matching and discretionary contributions to the 401(k) plan, but have not done so to date. Employee contributions are allocated to each participant's individual account and are then invested in selected investment alternatives according to the participants' directions. Employees are immediately and fully vested in their own contributions. The 401(k) plan is intended to be qualified under Section 401(a) of the Code, with the related trust intended to be tax exempt under Section 501(a) of the Code. As a tax-qualified retirement plan, contributions to the 401(k) plan are deductible by us when made, and contributions and earnings on those amounts are not taxable to the employees until withdrawn or distributed from the 401(k) plan.

Pension Benefits

The former named executive officers did not participate in, or otherwise receive any benefits under any pension or retirement plan sponsored by Aviragen during fiscal 2017.

TRANSACTIONS WITH RELATED PARTIES

RELATED-PARTY TRANSACTIONS POLICY AND PROCEDURES

We have adopted a written Related-Person Transactions Policy that sets forth our policies and procedures regarding the identification, review, consideration and approval or ratification of “related-persons transactions.” For purposes of our policy only, a “related-person transaction” is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we and any “related person” are participants involving an amount that exceeds \$120,000. Transactions involving compensation for services provided to us as an employee, director, consultant or similar capacity by a related person are not covered by this policy. A related person is any executive officer, director, or more than 5% stockholder of us, including any of their immediate family members, and any entity owned or controlled by such persons.

Under the policy, where a transaction has been identified as a related-person transaction, management must present information regarding the proposed related-person transaction to the Audit Committee (or, where Audit Committee approval would be inappropriate, to another independent body of the Board) for consideration and approval or ratification. The presentation must include a description of, among other things, the material facts, the interests, direct and indirect, of the related persons, the benefits to us of the transaction and whether any alternative transactions were available. To identify related-person transactions in advance, we rely on information supplied by its executive officers, directors and certain significant stockholders. In considering related-person transactions, the Audit Committee takes into account the relevant available facts and circumstances including, but not limited to (a) the risks, costs and benefits to us, (b) the impact on a director’s independence in the event the related person is a director, immediate family member of a director or an entity with which a director is affiliated, (c) the terms of the transaction, (d) the availability of other sources for comparable services or products and (e) the terms available to or from, as the case may be, unrelated third parties or to or from employees generally. In the event a director has an interest in the proposed transaction, the director must recuse himself or herself from the deliberations and approval. The policy requires that, in determining whether to approve, ratify or reject a related-person transaction, the Audit Committee consider, in light of known circumstances, whether the transaction is in, or is not inconsistent with, the best interests of us and our stockholders, as the Audit Committee determines in the good faith exercise of its discretion.

CERTAIN RELATED-PERSON TRANSACTIONS

We have entered into indemnity agreements with certain officers and directors which provide, among other things, that we will indemnify such officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings which he or she is or may be made a party by reason of his or her position as a director, officer or other agent of ours, and otherwise to the fullest extent permitted under Delaware law and our Bylaws.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for Notices of Internet Availability of Proxy Materials or other Annual Meeting materials with respect to two or more stockholders sharing the same address by delivering a single Notice of Internet Availability of Proxy Materials or other Annual Meeting materials addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Vaxart stockholders will be “householding” our proxy materials. A single Notice of Internet Availability of Proxy Materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate Notice of Internet Availability of Proxy Materials, please notify your broker. Stockholders who currently receive multiple copies of the Notices of Internet Availability of Proxy Materials at their addresses and would like to request “householding” of their communications should contact their brokers.

OTHER MATTERS

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

By Order of the Board of Directors
